It is the country's largest employee-owned research and engineering company, chalking up revenue of \$5.9 billion in 2002.</p> <p>SAIC's largest customer by far is the U.S. government, which accounts for 69 percent of its business, according to its SEC filings. FALSE CLAIMS ACT ALERT RE SCIENCE APPLICATIONS INTERNATIONAL CORPORATION ("SAIC")	In the Woodlee case, the complaint alleges that SAIC used hidden "risk reserves" to inflate its cost proposals, thereby inducing the Air Force to agree to much higher prices than the Air Force would have agreed to had SAIC truthfully disclosed its cost and pricing data. In building its cost proposals, SAIC first estimated the number of labor hours needed to complete the work. SAIC then internally did a "Quantitative Risk Analysis ("QRA") for the project, which detailed possible business risks that SAIC might encounter, such as internal inefficiencies, inoperable equipment, or unanticipated schedule delays. SAIC then estimated the cost of each of these risks and added so called "variance" labor hours to cover the cost of the risk. SAIC submitted to the Air Force the final proposed labor hours as part of SAIC's cost and pricing data, but without disclosing the risk factors, the QRA estimation method,	<a href="http://www.taf.org/saicfraud.htm">http://www.taf.org/saicfraud.htm</a>

Terry Gudaitis Joins Cyveillance as Cyber Intelligence Director - Focusing on The Human Psychology and Security Aspects	Dr. Gudaitis comes to Cyveillance from Science Applications International Corporation (SAIC), where she was Director of Open Source Monitoring Services	<a href="http://www.securitysoftwarezone.com/terry-gudaitis-joins-cyveillance-review541-1.html">http://www.securitysoftwarezone.com/terry-gudaitis-joins-cyveillance-review541-1.html</a>
The Sale of Electoral Politics	Diebold has now taken steps to use an outside organization, Scientific Applications International Corporation (SAIC) of San Diego, to take responsibility for security issues within their software. But this presents yet another conflict of interest. A majority of officials on the board are former members of either the Pentagon or the CIA, many of whom are closely allied with Defense Secretary Donald Rumsfeld.	<a href="http://www.projectcensored.org/publications/2005/6.html">http://www.projectcensored.org/publications/2005/6.html</a>
Science Applications International Corporation	In 1990 SAIC was indicted and pled guilty to 10 felony counts of fraud on a Superfund site, called "one of the largest (cases) of environmental fraud" in Los Angeles history. <a href="#">[2]</a>	<a href="http://www.sourcewatch.org/index.php?title=Science_Applications_International_Corporation">http://www.sourcewatch.org/index.php?title=Science_Applications_International_Corporation</a>
